Can you estimate the termination location?
It's in Japan's airspace.
According to this data, are both the size and velocity correct?
It's not responding to any of our aircraft units.
Have you also verified the self-braking mechanisms?
Yes sir.
We're dealing with a Code 7 situation here!
Wha?!

Yo! Fun huh, Kio!
Ah, Uncle Yuuichi.
Today's the first anniversary of your old man's death.
Turn that sad face of yours into a smile for your old man!
So what's up? Used to senior high yet?
Ehh... What about it?
Got a girl yet?
N-Not yet..! That's impossible for me..!
Lots of people gather each year, huh..!
There are lots of tourists here too!
Well, they can't enjoy the sunlight where they came from, right?

How's that Manami-chan that's always around you?
M-Manami-chan isn't like that..!
Why's that..?
For childhood friends, if she still comes over a lot to play even now, I'm pretty sure it can't be a mistake..?
Hmm?
You reek of sake!
By holding hands, your hearts skipping a beat for one another is an experience you can only enjoy during puberty, huh!
If you managed to score an all-out chick, you'll be able to become a real man, eh!
Uncle!!
Now's the time for hitting on girls and for true romance!
Say, how about that girl over there?

Well, well!
ポヘ ポヘ
No no no! Thank YOU very much!!

Age don't matter today!!
Kiooo!!
Do your best!!
It doesn't look like anybody's coming...
Geez, you guys Everybody in the family's getting drunk, and they're all joining in together
I'm truly sorry. Are they being a bother?
No, no!
That's not happening at all!
Since this drink is tasty, and this thing also...
Ahh... Taanmu Dengaku.

TL Note. Taanmu Dengaku (田芋田楽, or ターンムディンガク), is a dessert originally from Okinawa. The main ingredient, Taanmu, is cultivated in their Okinawan fields. I can't explain what it is, so just look at this person's recipe.
< http://www.gayah.net/akinawa_ryauri/desserts/taumudengaku.html >

TL Note: Various foods of Japan, most likely in Okinawa. I won't bother explaining them, but here are the keywords you can search to find them on Google or something: おでんの大根, ハンダマ炒め, and てんぷら

Oden no Daikon, Fried Handamu, Tempura...
...And then boned ribs!
Yeah yeah! And also, Kobumaki...
Eating meat after such a lang time...
I'm really,
REALLY delighted!
ハッピー
She wanted to eat meat *that* badly, huh...
I wonder which country this girl's from..?

Ah, this is bad! I totally forgot!
Pleased to meet you, my name's Elis!
Ah, mine's Kakazu Kio.
So she really is a foreigner, huh...

...Could this REALLY be a message from outer space..?!
Mananiii!!
Yes..?
Going over to Kio-kun's place?
Please fetch me some Soumen Chanpuru while you're at it!
どんたんたん

TL Note: Another Okinawan food. This one's called Soumen Chanpuru or (ソーメンチャンプルー). Google it

You made it like ***THIS*** again..?
I got a lot of Soumen from the old lady in Shizuoka!
Kio-kun's parents went to Tokyo for a business trip, and everything you make is just plain awful!
Ahh... Yeah, yeah Fine already
I heard that some young female customer came by, huh...
That's what I'm going to go check on now!

TL Note: Soumen is fine white noodles.

TL Note
Originally, Elise said "Kio-jan" in Panel 2, which is just a kinda cutesy way of calling somebody, but I figured that she's a neko anyway, I'd replace it with "-nyan" to sound :3

T-Thank you...
I was afraid it was a brain hemorrhage, hehe...
My pain disappeared...
Eh..?
And that reminds me! Why are you in my bed?!
I think you should close your button...
E-Erm
"Sleep wherever you like!"
I asked your father and mother, and they said,
If that's it, why didn't you at least wake me up..?
If you did that, I would've gone somewhere else...
So what's wrong?

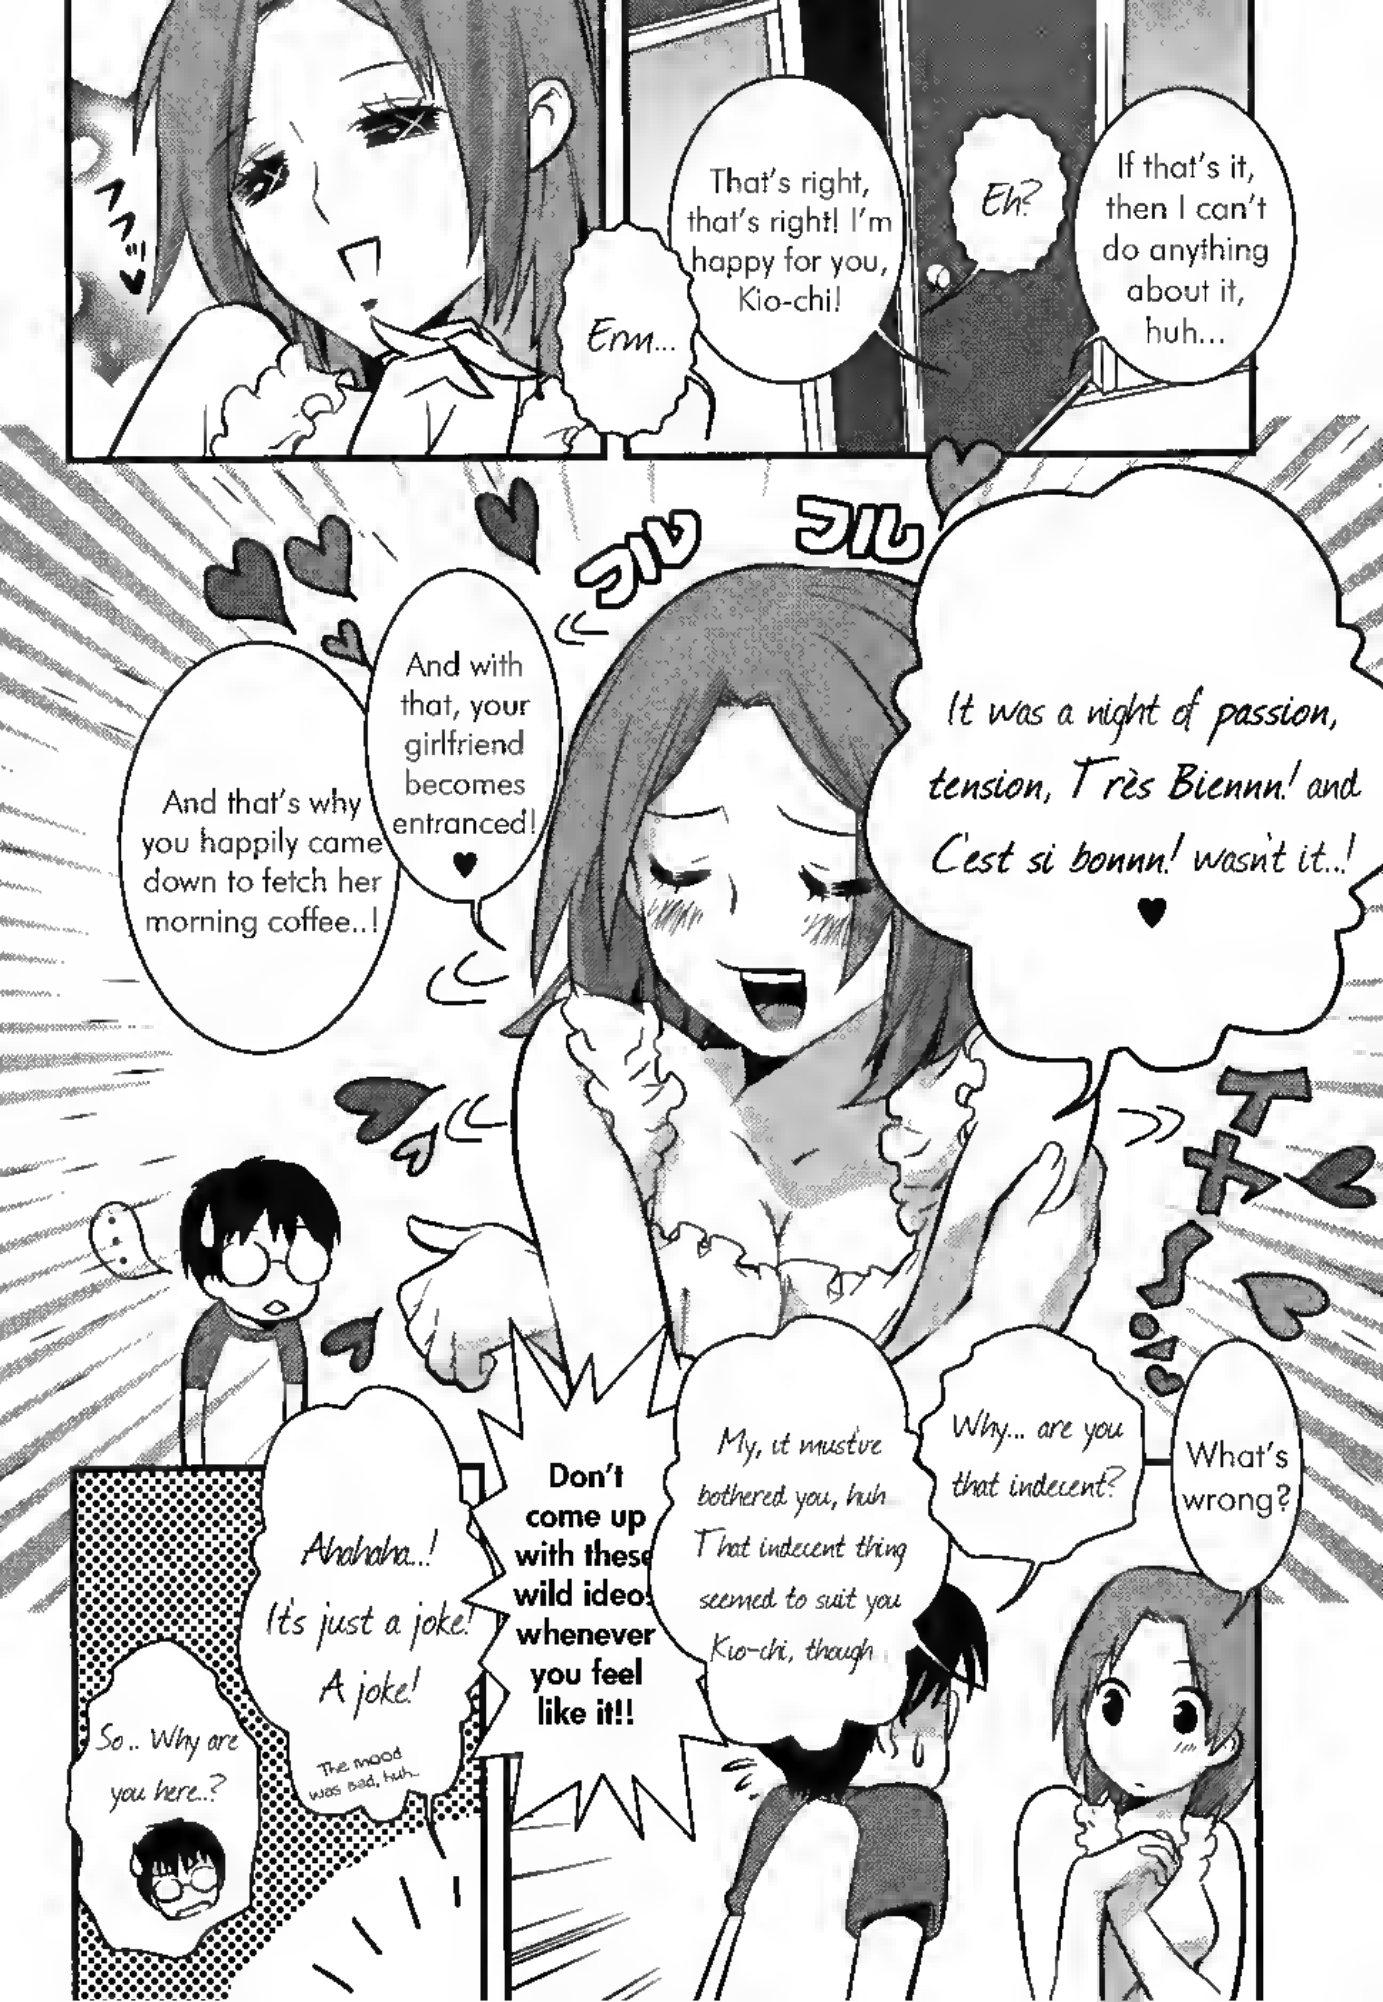
Though... I want one too, huh...



Erm...
That's right, that's right! I'm happy for you, Kio-chi!
Eh?
If that's it, then I can't do anything about it, huh...
It was a night of passion, tension, Très Biennn! and C'est si bonnn! wasn't it..!
And with that, your girlfriend becomes entranced!
And that's why you happily came down to fetch her morning coffee..!
What's wrong?
Why... are you that indecent?
My, it must've bothered you, huh That indecent thing seemed to suit you Kio-chi, though
Don't come up with these wild ideas whenever you feel like it!!
Ahahaha..! It's just a joke! A joke!
The mood was bad, huh.
So.. Why are you here..?

Looks like you're doing fine, huh...
My, my! Just for now, at least! ♥
I made enough breakfast already!
Ah, this.
Ugh-
Kio, you. Today, the way you're talking...
I don't think that's a problem at all though.
Well, that's that. This is all the di-ff-er-en-ce between how fast you change while that brain of yours runs.
What the?! That kind of talking!!
I'm quite busy also, so...
Anyways, go back already.

Itokazu-sensei!!
Sensei, why are you here..?
But, sensei, huh...
The training camp next week... Didn't you guys say that you'd consult me about that trip?
I think the conversation you two just had is rather important.
That was Manami-cha. Err, no That was just Kinjou-san freely making up stuff again!!
Ah, I see... So what is it, Kinjou-san?

Why are you sweating like that.
Ehh. Well basically, that was just a spur of the moment conversation we chose to have.
But, it's still true that Kazaku-kun and another girl spent the night with each other, right?
N-No..! Father and mother were there! Just, this morning wa-
Um... Kio-san, Is this okay?
Anyways, let's go and talk to this person.
!!!!
K-Kakazu-kun!!
W-Why is that senior high school student dressed so indecently?!
Huh?
Just what is that?! That thing?!

?
Those things you put on your head and butt...
Ah! S-Sorry, but...
Your illicit relationships themselves are a problem, though
You watch and do too much anime and games!!
Ah, these are real though.
Adults should be a bit more moderate about doing idiotic stuff like that!!
Suddenly
Ah, that hurts a bit
Here.
Well, what do you think?

Ah-
Just what are you..?
Yes! I'm from outer space!
I came to investigate something here on Earth, but I also came to play!

●Kakazu Kio●

Height: 160 cm
Weight: 45 kg

A resident of Okinawa, Kio is a typical first-year senior high school student. His parents went on a business trip to Tokyo, so he is basically living by himself. However, he has a lot of bothersome relatives. Though his parents are gone, he isn't lonely, due to his affection to his next door neighbor. He somehow gets by with his small allowance, steadily collecting figurines and plastic models. He is a member of the Photo Club at school.

●Elise●

Height: 178 cm (including cat ears)
Weight: 29 kg (Catian average)
Bust: 95F / Waist: 60 / Hip 85

An extraterrestrial representative who came to Earth to play. She has cat ears and a tail. She's the owner of the Yusari, who crossed over here with a burst. Although she's reliable, she can be a bit air-headed.

That idiot Elis, last time I checked, she kept taking out our food supply.
And not only that, but she went to Earth too!
Well um, if she doesn't return immediately...
You're so mean.
Hasn't it already been a week..?
Right now, I wonder if she's managed to sustain herself? Or has she already died from starvation?
Well hey, it's Elis we're talking about. I'm sure she'll do fine.
Since she possesses that special ability.

Oh my...
Plants and animals under the shining stars that can eat and live with these natural foods...

Please look at this!!
At this mass that shines in champagne gold!!
Just this morning, our local fishermen discovered it! This is clearly an artificial object!
Moreover, taking into account the report of the "Let's go play!" message the other day...
...Finally!! Finally we can say that there is a possibility that some extra-terrestrial being came!!
Ah... My ship...
...It's in trouble, huh...
Well isn't that right, Professor Ubusuna?
You may believe that extraterrestrials are long and tall, but that is only because of these extraterrestrial conspiracies! In other words, in reality, there could be an infinite number of them out there!

W-What do you mean by saying that it's fine..?!

What world?
I think it's fine going with someone from another world!

Nabe
...All of Kakazu's great grandmothers support it!

Really?!
Yeah. And Nabe-baa-chan, well...
...She's super eager in believing that "this child should definitely live together with Kiibou!"

TL Note: Yuta is a noun that means a shaman or a fortune teller. And soba is basically Japanese buckwheat noodles.

TL Note: Kiibou or "キー坊" is a not-so-known character from Doraemon.

But didn't father bring her because he was drunk..?
Yes.
Come up with me!
That couldn't be possible! Your mother would never allow that, you know!
A father that brings anything home when drunk.
Say, um...
All those rather perry things you taught in the lesson you gave me today. You were serious?
Your mother thought about when she gave birth to you too, ya know?
Ah, but hey, I shouldn't force you into doing it, of course.
Although she's an alien, just go above consent! Just like your father and mother!
Erm, say...
...You know she's an alien, right?
Ain't it alright?

But, Elis, why did you come?
No way... Is this an invasion?

TL Note An Okinawan food, it's basically onigiri made with pork and eggs

In that case, we are called "World People," but...
...That would just make it sound complicated, so...
...We went with being called "Catian People."
Ehh... Catian people...
But I'm relieved...
This world is a great place, huh!

We aren't separated from the same fixed star with a temperature that's pretty average, more or less about 30 degrees.

Although I can say that this civilization's system resembles my own star...
Yeah...
I can totally see that...
It's this way of belief until this very day that still remains on the large outlook and acts as the deciding agent, isn't it?
.The good and bad judgments that give weaknesses and the such are each individual person's nature and whatnot . They don't actually exist inside

●Chaika●

Height: 159 cm (including cat ears)
Weight: 19 kg (Catian correction)
Bust: 65A / Waist: 45 / Hip 50

A crew member of a Catian spaceship that's in a neighbouring solar system.
Her position is considerably high even though she looks very young.
As she is an essential member of the battleship, her bell is silver.
Members like Elis who are members of the landing team wear gold instead.
Normally, Catians have four ears, however, the upper ones are the main ones, while the lower ones signify that they're subordinates.

●Kinjou Manami●

Height: 159 cm

Kio's childhood friend and next-door neighbour.
When it's just the two of them together, her older sister thinks that she's fighting and totally beating up Kio, but that's only because Kio is uselessly frail.
In school, she's quite the popular chick with that exceptional style of hers.
She must have some kind of secret however, seeing all those self-made replica toy guns and whatnot all lined up in her house though...

A lot of these formal Japanese names that I translated didn't have any English equivalents all over Google, so I just made them up to the best of my ability. If anybody knows them from the licensed anime and/or light novel or something, feel free to correct me for future chapters. Licensed only though. Fan translations don't count since they're just a good of a guess as I am. Just leave a comment on the post or e-mail me. Otherwise it'll just stay this way.

Lol, I just noticed that I wrote "Elise" on the Character Profile in the last chapter. Oops. My bad. Pretend it said Elis, lol. And also, I didn't have a QCer this time, prinny decided he'd bail for whatever reason. Maybe he's just too busy. Oh well. If there's some major issue, I'll c2 it.

There isn't any evidence either...
However, is Momiji not sufficient?
It doesn't matter. Our target is at large, and we don't have any time.
Okinawa is her standby location.
This is not a capture. It would be most preferred if it was simply a verdict or a warning.
However, Momiji is a tough one to crack.

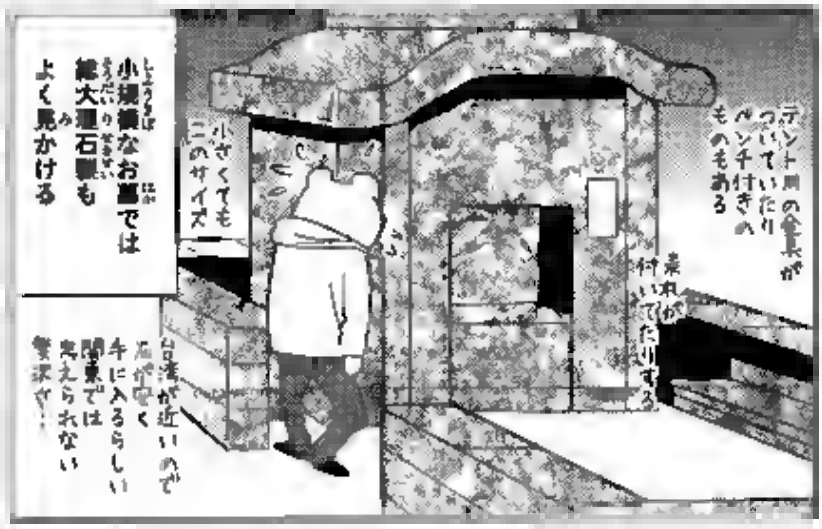
落石防止のコンクリートみたいだ

神野さんも提は何かの提設と思っていたらしい

中心部は広場のようにあいていて

ここに提提一同が集まってお墓参りのあと提会になるのが一般的なようだ



小規模なお墓では超大型石獅もよく見かける

ついでに草木の元気さにもちょっと提く

ジャングルだ

その後神野さんの提提で波の上ビーチへ

那覇市内から一番近い海水浴場

雨季なので参り空の上4月の暑だというのに泳いでいる提光提 発見

次巻につづく!(たぶん)

あとがきと言われても、実際にこれを書くべきなのはむろん888さんで、私なんぞは仕上がってくる原稿を見てうひょうひょ喜んでいるだけなので、これを読まれている読者の方はまあ、「オマケのあとがき」みたいなモンだと納得してください。

しかしまあ、まさか「あそびにいくヨ！」が漫画になってしまうなんて……確かに、日常ののんびりした場面は四コマ漫画になるように書いてはいたのですが（本文の☆から☆までで一本という考えです）。

ただ、あくまでもそれは「ノリ」であって最初から漫画化を狙っていたわけではなく……それがCDドラマになっただけでも驚きだったのに、まさか漫画になるなんて。

作者としてはもう感無量です。

小説の挿絵は放送映像さんですが、888さんのデザインはそれを超すことなく、漫画のキャラクターならではの伸びやかさとスピーディーさが備わったものになり、また内容もそれを裏切らない、小説本編よりも300%増しの傑作となっております。

特に、絶大な人気を誇りながらなかなか挿絵では出番のないアシストロイド達の細々とした仕草や動きが絵になっているので喜んでくださっている方も多いのではないかと。

お話はこれから小説第一巻のクライマックスへ移行していくわけですが、どうやらその後の話までも漫画化されていくようなので、あのキャラやこのキャラが、漫画の舞台に登場するのも近いようです。

私も一読者として、どういう風にあのキャラが、ストーリーが、場面が漫画という新しい形で再生されるのか、楽しみにしております。

あとは本編が漫画版に負けないように頑張るだけでございます。

888さんとアライブ編集部の皆さんに無限の感謝を。そして読者の皆さんにはその千倍の感謝を。
